

WOW Club

We have had a very exciting week at Wow Club! Despite the unpredictable weather we have been playing outside whenever possible.

On Wednesday, we welcomed in an Ofsted inspector to see how we are getting on with our wraparound care, and we are really looking forward to sharing their feedback when it is published.

We are now two weeks into running our programme of extra-curricular clubs and these are growing as we hoped they would, please let us know if you'd like any more information on those! We run these at no extra cost to your normal WOW Club booking.

Some of the activities provided at Wow Club include board games, arts and crafts, ball games, football and small world toys. We provide fruit snacks for everyone and for the full session we provide supper at around 17:00. This could be a toasted sandwich or wrap, carrots, cucumbers and a yogurt. We are able to cater for any dietary needs. We like to get the children involved in the making and preparing of the meal and find it's a great way to spark discussions and build confidence.

We run breakfast club from 07:30 - school starts (breakfast is provided until 8am) and an after school club until 18:00 every school day.

If you are interested in signing your child up then please contact us at loxwood@wowclub.co.uk.
