We will be in touch to discuss your enquiry & offer you a date and time for the session

- Level 1 bike control will be checked off-road prior to commencing on-road to Level 2. Please let us know if you think we need to spend more time working with your child on their Level 1 bike control skills (so we can accommodate this in their session).
- Level 2 Bikeability introduces children to on-road cycling for riders that have reasonable control of a bicycle.
- Trainees will need a roadworthy bike and a cycle helmet.
- For any other training requests such as Level 3, please email us, as we should be able to accommodate these sessions.
